

Cat Room Care Volunteer

1. Let cats out of cage

*Be sure to talk with a staff member about cat's personalities. There may be some that are not allowed out to play together.

2. Litter Box Care

Dump Litter box into trash can

Fill up with new litter

3. Cage Maintenance:

Replace newspaper with clean paper

Lay several layers of newspaper so that it is nice and thick. This serves two purposes: If the top layer becomes dirty it can easily be peeled away and there is still plenty of paper left. Also, it keeps the cats warmer and more comfortable.

If there are any pet beds that need to be washed take them to the dirty laundry.

4. Food Care:

Make sure there is clean, fresh water

Fill bowls with food

5. Room Organization:

Sweep

Make sure the large food container is filled and that there is plenty of litter in the refill container

Take out trash if necessary

Cat Socialization

Cats love attention!

Play with the cats!

Brush the cats!

Pet the cats!

Hold the Cats!
